(SRI AZEEZ SAIT)

without fear or favour based on the writ petitions. The Law Secretary, took valuable time and went into it in great detail and after a careful study of the whole matter, sent me his decision in a sealed cover.

Just to take them into confidence I did not open the sealed cover addressed to me. When all the people came to my chamber, I opened the cover in their presence and started reading what was contained. I am not responsible for what had happened for the last 15 years. Mr. Krishna should congratulate the Government for having taken bold steps in this regard though it was not at all attempted by the previous Governments. It is not the question of the old Mysore and new Mysore people. The people of Mysore are one and the same and there should be no distinction, and they are the people of Karnataka.
